

13th International workshop on Multiple Partonic Interactions at the LHC

Tuesday 15 November 2022

WG5: Heavy Ions (16:30-17:30)

-Conveners: **Andreas Morsch; Isobel Kolbe**

time	[id] title	presenter
16:30	[59] Multi-messenger heavy-ion physics with JETSCAPE	SHEN, Chun
17:00	[67] Angantyr	LONNBLAD, Leif

Wednesday 16 November 2022

WG5: Heavy Ions (10:00-11:30)

-Conveners: Andreas Morsch; Isobel Kolbe

time	[id] title	presenter
10:00	[60] ALICE heavy-ion Overview	JAHNKE, Cristiane
10:30	[61] CMS Heavy Ion Overview	Dr. KRINTIRAS, Georgios
11:00	[10] Recent ATLAS measurements in heavy-ion collisions	GO, Yeonju

WG5: Heavy Ions (12:00-12:30)

time	[id] title	presenter
12:00	[42] Jet quenching in evolving anisotropic matter	SADOFYEV, Andrey
12:15	[43] Parton transport in anisotropic media	BARATA, Joao

Thursday 17 November 2022

WG5: Heavy Ions (17:00-18:00)

-Conveners: Andreas Morsch; Isobel Kolbe

time	[id] title	presenter
17:00	[63] Enhancement of Charm from Gluon Splitting in HI Collisions	INNOCENTI, Gian michele
17:20	[64] LHCb measurements of Quarkonia Production in Ultraperipheral PbPb collisions	LI, Hengne
17:40	[65] CMS results on Heavy Flavor Flow	STAHL, Andre Govinda
