

# 13th International workshop on Multiple Partonic Interactions at the LHC

## Thursday 17 November 2022

### W3 + W5 Common Session (15:00-16:00)

**-Conveners: Carlota Andres; Malgorzata Janik; Andreas Morsch; Isobel Kolbe**

time	[id] title	presenter
15:00	[20] Two-particle transverse momentum correlations as a tool to assess viscous effects in pp, p--Pb, and Pb--PB systems with the ALICE detector	GONZÁLEZ, Víctor
15:20	[23] Shedding light on pp and p--Pb collisions through forward energy detection	OPPEDISANO, Chiara
15:40	[8] Helix string fragmentation and charged particle correlations with ATLAS	TODOROVA, Sarka
